use of natural gas can hardly be realized by the people of Mexico and able to the promise made when Mexico baking powder, Mexico known. It must be seen in actual your office a few weeks since, I send brooms, Mexico wagons, Mexico use to fully realize the force of the you the following in regard to Holstein-Friesian cattle:

The secret of their popularity i who, having removed to Pittsourg, found in the fact that they "combine more desirable qualities for the dairy man, general farmer and stock raiser than any other breed." But some may say they do not care for the milk and bridle, worth about the sum of conception of the benefits attendant yield, that it cannot be found in a \$175; and, upon the introduction of natural gas, good beef animal. It can only be found in such perfect harmony with cent newspaper reports and other forty-eight miles from St. Louis, Holstein. Any cow that is a deep milker is of necessity then, but the large frame that at such times looks ary, 1885, at the State capital, the and successful operation for over a thin and coarse is capable of making said John Walker, then being State year, and the flow is still as great as the very finest beef. The fat is better distributed through the lean in the Holstein, and the experience of Hon. D. H. McIntyre, that he, said the Eastern breeders has been that Walker, would use his influence and but adm the butcher who was at first opposed would endeavor to secure the employsides these there are numerous gas the butcher who was at first opposed to this breed now prefers them. At the recent fat stock show held in counsel in the case of Roswell G. in adapting rem ed for the three-year old animal that should show the largest or most gain

al., commonly called the Hannibal & is the result of this vast experience.

St. Joe case, then pending in the is a Specific in a specific in the internal congestion, it is a Specific in the internal congestion. Chicago, there was a premium offerthrough the city by six, five and four inch mains. The pressure at the well per day for his entire life. The Hol- Supreme Court of the United States, is estimated at over 300 pounds. There is an automatic gauge at the stein-Friesian showed a gain of 1.67 upon the condition and upon the well, restricting the pressure of the and the average of all the other beef proposition of him, the said Walker, gas, which is brought into the city at breeds was 1.53, while the highest about 100 pounds, under a five-inch individual breed was 156, showing water pressure. The Litchfield coma gain over the closest rival of 11-100 pounds per day. The time has come when a cow must do more than produce a calf once a year, and then go dry and be fed the other six mouths without yielding any income, and would be equivalent to ten cents per this is where this breed comes in to supply the demand. In my herd are as strong as the manufactured article. being in its crude state about tencalf are giving a vield of 8,000 candle power compared to sixteen pounds per year. Several of them for the former, to each single jet. are decended through "Donker 4th," This matter can be easily remedied from the famous cow "Pride of Twisk," who from 88 pounds of milk tlary, did become and still is interby a process very similiar to that adopted in making water-gas, by the made 3 1-2 pounds of unsalted butter. "Donker" himself costing as a calf \$1,000. At the head of the herd

767; dam Lady Lisle, bred and raised on Kentucky blue grass, and an animal of rare promise and beauty. In conclusion, allow me to say that I expect to reach Mexico on Thursday, and on Friday, January 21st, show the herd on the public square, or if the weather will not permit, in some livery stable in town. I will be glad to see all interested in In view of insinuations made, we ber of persons have told your readers fine stock, and to answer all questiment to select a place for and to desire to state that the circulars what Mexico needs, I will, with your tions in my power in regard to this locate the Branch Penitentiary No. addressed to Mr. White and signed permission, give my views upon the ques- noted breed.
